Subject : Letter of Recommendation

21 November 2024

To Whom it May Concern,

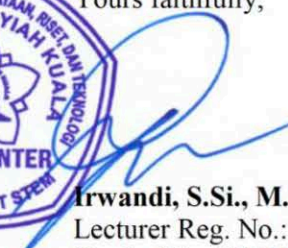

It is my honor to recommend Muhajirin for the opportunity at your esteemed institution. I had the privilege of teaching him for four years (2016-2020) and supervising his undergraduate thesis. Throughout this time, Muhajirin consistently demonstrated unwavering dedication, intellectual curiosity, and exceptional capabilities in data analysis. Even after his graduation, he has kept in contact, allowing me to observe his continued growth and accomplishments.

In September 2024, during my collaborative project with the University of Exeter, I had the pleasure of meeting him at the University of Birmingham, where he was pursuing his MSc in Data Science. Our discussions revealed his significantly enhanced programming skills, particularly in Data Science, Machine Learning, and Artificial Intelligence. I was particularly impressed by his innovative project in developing an automated cryptocurrency trading bot, which exemplifies his ability to apply theoretical concepts to practical problems.

Beyond his technical expertise, Muhajirin possesses outstanding interpersonal qualities. He is a natural collaborator who fosters a positive and productive environment among his peers. His resilience and enthusiasm for learning further underscore his potential to excel in any professional setting.

I am confident that Muhajirin will thrive in the role he is seeking, contributing meaningfully with his expertise, work ethic, and passion for excellence. I fully support his application and am certain he will make a significant impact. Should you require further information or wish to discuss his qualifications in detail, please feel free to contact me at irwandi@usk.ac.id or +6285260104417 at any time.

Yours faithfully,

The stamp is a purple circular seal. The outer ring contains the text 'KEMENTERIAN PENDIDIKAN, KEBUDAYAAN, RISET, DAN TEKNOLOGI' at the top and 'UNIVERSITAS SYIAH KUALA' at the bottom. The inner circle features a stylized yellow flower-like logo. Below the logo, the text 'STEM CENTER' and 'PUSAT RISET STEM' is written.

Irwandi, S.Si., M.Si., Ph.D.
